OBJECTIVE

B.Tech (AI & ML) graduate from LNCT Bhopal (2026) with hands-on experience in Generative AI, LLMs, LangChain, RAG, and Flask. Seeking Junior AI/ML Engineer or Python Developer roles with immediate availability.

EDUCATION

Lakshmi Narain College of Technology, Bhopal 2022 - 2026

B.Tech in AIML – GPA: 7.50/10

Model Higher Secondary School, Bhopal – HSC 2021 - 2022

Score: 79%

Model Higher Secondary School, Bhopal – SSC 2019 - 2020

Score: 89%

SKILLS

Languages	Python, JavaScript, Java, HTML, CSS
AI & GenAI	Generative AI, LLM, Prompt Engineering, LangChain, RAG, ChromaDB, Vector DBs, NLP, scikit-learn, PyTorch
ML & Data	Machine Learning, Deep Learning, Supervised Learning, Data Preprocessing, Model Evaluation, NumPy, Pandas, Matplotlib, PyPDF2
Web & Backend	Flask, FastAPI, React.js, REST APIs, CRUD, OOP, HTML, CSS
Database	MySQL, SQLite, SQL, ChromaDB
Tools	Git, GitHub, Docker, CI/CD (GitHub Actions), VS Code, Postman, Jupyter Notebook, Streamlit

PROJECTS

AI Customer Support Agent Builder- ([GitHub](#))

- Built full-stack Generative AI chatbot using FastAPI, LangChain, and React.js with RAG (Retrieval-Augmented Generation) pipeline and ChromaDB vector database
- Implemented JWT authentication, RESTful APIs, and multi-tenant architecture deployed on Vercel and Render
- Engineered semantic search using vector embeddings reducing LLM hallucinations with source citation UI

AI Interview Coach- ([GitHub](#))

- Built NLP-based resume parser using Python and Flask achieving ~85% skill keyword-match accuracy with scikit-learn text classification
- Engineered role-specific question generation engine and job-fit scoring system using NLP similarity matching
- Integrated Web Speech API for real-time voice input with skill-wise performance scoring

CERTIFICATIONS & INTERNSHIPS

Web Development Intern – Bharat Intern ([Certificate](#))

- Built 3+ responsive web pages using HTML, CSS, and JavaScript; implemented mobile-first layouts and interactive UI components

Networking Intern – Cisco (Virtual) ([Certificate](#))

- Completed IP addressing, OSI model, and subnetting modules; designed and simulated 5+ network topologies in Cisco Packet Tracer

Java Programming – Infosys Springboard ([Certificate](#))

- Covered OOP, Collections, Exception Handling, and File I/O; completed 10+ hands-on coding exercises
